Are winter outfit choices leaving you feeling a bit fuzzy? Feeling confused about what to wear in the chilly season? Look no further, this magazine is made for you!

Let me share a brief story. When I first encountered winter, coming from Nigeria where we don't experience it, pairing outfits became a challenge. As a model, I made it a mission to research and adapt my wardrobe to the winter season. However, the struggle lay in perfecting winter ensembles.

Now that I've conquered the challenge, I'm excited to share a fashion magazine dedicated to every season.

Layering

Layering is key during winter months. Start with a base layer like a thermal turtleneck or a long-sleeved shirt and add a sweater or cardigan on top. Finish off with a coat or jacket.
